

CONSTANTINOPLE HEARS ROAR OF ENEMY'S GUNS

All Hope of Securing
Peace is Now Aban-
doned.

OFFICIALS BELIEVED THAT ALL
COULD BE ADJUSTED
AMICABLY.

WHEN MORE FIGHTING
ORDERS WERE ISSUED.

ARMISTICE LASTS BUT ONE
DAY—WORST YET TO
COME.

(By United Press)
London, Nov. 22.—Officialdom
here was completely non-plussed
today by the unexpected failure of
the peace negotiations between the
Turks and the Balkan allies.

It had scarcely occurred to any
one as possible that hostilities
could be resumed. That trouble
might be over the divisions of the
Sultan's European territories was
recognized but failure of the plans
for a cessation over the already
pending struggle had scarcely even
been considered. The amazing part
of the suddenness of the Turk's
change in attitude. Wednesday
morning they were imploring the
powers to act quickly in persuading
the allies to grant them terms.
Thursday night they were announc-
ing that the allies' "proposals"
were not to be thought of and
that Nazim Pasha had received or-
ders to begin fighting again im-
mediately.

Before the chancelleries had had
a fairly to assimilate the news
hostilities were raging again more
fiercely than ever.

In fact, word that Constanti-
nople could hear the roar of can-
non from the direction of the sea
Marmara reached here ahead of
announcement that peace nego-
tiations had been called off.

Military men said today that the
situation now seems to be plain
and clear. The Turkish government
seized everything was lost and
was desperately anxious to make
a peace which would at least prevent
the enemy from occupying Con-
stantinople. With the allies in the
front of agreeing to negotiate, Nazim
Pasha inflicted a severe reversal on
the Bulgarians at Chatalja and the
armistice, its hopes instantly re-
vived, decided to go on with the
campaign. The armistice lasted
four days.

War experts were agreed that
the Sultan has lost Western Turkey
forever, but they expressed the
hope that in the east the outlook
from hopeless for him, while
the Bulgarians it is very seri-
ously assuming that the Ot-
oman forces can hold their own at
Chatalja, which the authorities
today appeared likely they
continue strengthening them-
selves indefinitely from Asia. The
Turks have already put forth
a force of fighting energy they
possess. The Servians and
Greeks may come to their aid but
doubtful if this will offset the
Turk's reinforcements from across
the Bosphorus.

make the situation worse,
they will soon make the allies
on at Chatalja impossible to
maintain. Unless they can carry
out a tactical line within a few
days the best authorities declared,
they will have to retreat, perhaps
the frontier. By spring the
having had time to re-or-
ganize their army, may have them
fully outclassed.

Nov. 22.—Archduke Fran-
z Ferdinand, heir to the Austrian

the Kaiser, foreign min-
ister, and a large number of
officials. He came to discuss the

"LUCKY" BALDWIN LEFT ESTATE OF \$20,000,000

final accounting of the estate
of E. L. ("Lucky") Baldwin,
millionaire horseman and
rancher, showing all of the
transactions of the executor, H.
A. Unruh, for three years, was
made yesterday.

The report, which covers
929 typewritten pages and con-
tains more than a million items
was the effort of a dozen
clerks working for almost four
months.

The estate was shown to be

FLEET GETS BUSY.

Athens, Nov. 22.—The Greek gov-
ernment ordered 30,000 of the
troops in western Turkey today to
Chatalja to help the Bulgarians. It
was expected Serbia also would send
a strong force. It was rumored that
the Greek fleet will speedily at-
tempt to force the Dardanelles.

CONFESSES TO THE MURDER OF BENTLEY

(By United Press)
Warsaw, N. Y., Nov. 22.—Altho
Prince today confessed to the mur-
der of Frank Bentley, for which
crime he was arrested yesterday
shortly after Bentley's body was
discovered buried on a farm.

Bentley, who was foreman of a
cheese factory, was killed Saturday
and Prince was suspected because
he was the last person seen with the
murdered man.

JIM'S EYES ARE HEAVENLY BLUE

(By United Press)
Hodgenville, Ky., Nov. 22.—
County Clerk of LaRue county has
to date issued 140 hunters' licenses
to hunters in this county alone.

Among the licenses issued to
nonresidents are Governor-elect
James M. Cox and party, of Day-
ton, Ohio, guests of Messrs. John
Burba and Gus Overman.

Mr. Cox and party assert that
while hunters over the state are
complaining of the scarcity of birds
and other game, they have had
luck, and ascribe it in general to
the farmers feeding the game dur-
ing the heavy snows of the past
winter.

In giving the required descrip-
tion of himself in obtaining the li-
cense, the Governor-elect of Ohio
gave his weight, height and color
of hair as such and such, but as-
serted that his eyes were of
"heavenly blue."

HAREM SKIRT IS OUT OF DATE NOW

(By United Press)
Chicago, Nov. 22.—The Turk
greatly lessened influence in Eu-
rope will be reflected in the styles
of women's clothes during the next
six months. The harem skirt is
doomed. In its place will come the
Serbian skirt. It will be full at
the top and drawn closely in and
around the bottom as the Arab
draws his voluminous, sheet-like
robe about him.

NOW THOUGHT GIBSON WILL NOT TESTIFY

DOESN'T RELISH IDEA OF EX-
PLAINING MURDER OF
COUNTESS.

(By United Press)
Goshen, N. Y., Nov. 22.—Certain
that they had driven great holes
into the state's case against their
client, the attorneys for Burton W.
Gibson prepared today to continue
their presentation of evidence. It
was hoped that the non-medical
evidence might be completed be-
fore adjournment tonight thus
clearing the way for the stories the
doctors will tell.

Every state witness has sworn
that Gibson and Mrs. Szabo went
into the water together, that Gib-
son's arms were seemingly around
the woman and that he apparently
upset the boat. Every defense
witness has testified that the cou-
ple were at least four feet apart
and Tom Garrison, a one-eyed
guide at the lake, swore that they
went over from opposite sides of
the trail craft.

Charles Goldsper, of counsel for
the defense, said today that he had
witnesses in reserve who would
show that Mrs. Szabo frequently
referred to her mother as living in
New York.

"The woman Gibson knew as
Mrs. Szabo's mother is in hiding,"
said Goldsper, "but we will show
that she was a real flesh and blood
person in all of the dealings Gibson
had with her."

Gibson, it has practically been
decided, will not take the stand.
The accused lawyer, it is said, does
not relish having to make extensive
explanations of what he did with
the \$7,100 known to be missing
from the Szabo estate.

RADIUM BANK IS SECOND IN WORLD

(By United Press)
Grand Junction, Colo., Nov. 22.—
The first Radium "bank" in the
United States and the second in the
world, was opened today by Orr J.
Adams, a chemist of this city, who
has the largest individual collection
of radium in the United States. It
is said to be worth \$100,000.

His bank will supply scientists
and surgeons all over the United
States with radium to be used in
experiments and hospital work. He
will rent the metal only to respon-
sible persons, when a fixed deposit
has been made. His only competi-
tor is a similar bank in London.

SENATOR KERN WILL PUT QUIZ TO M'MANIGAL

(By United Press)
Indianapolis, Nov. 22.—United
States Senator John W. Kern, chief
counsel for the 45 defendants in the
dynamite conspiracy trial, was ex-
pected to take Orie E. McManigal,
the informer in hand late today or
early tomorrow for cross-examina-
tion.

The attack on McManigal would
not consume more than one day, it
was said, and would be directed en-
tirely at the uncorroborated portions
of his confession. Of such parts there
were but few when McManigal re-
sumed his story this morning. Dis-
trict Attorney Miller having played
his corroborative evidence like high
trumps in a card game.

As the trial nears the end of its
eighth week, the jurors are grow-
ing weary of their jobs. Several of
the men sing in country choirs and
aside from their usual daily prome-
nade under escort of marshals,
hymns and patriotic airs are their
principal diversions.

Defendants Edward Smythe and
James O'Ray, both of Peoria, spent
last night in jail instead of in the
marshal's office in the Federal
building. Marshal Schmidt said he
could not accommodate them any
longer than the two nights they
spent in his office awaiting a new
bondsmen.

Daughter of Ex-Governor Ends Life By Drowning

(By United Press)
Lonsdale, R. I., Nov. 22.—
The body of Lorna Garvin,
daughter of ex-governor Gar-
vin, of Rhode Island, was taken
from the Black Stone river to-
day by operatives from the Ann
and Hope Mills who were work-
ing with grappling irons. The
body was found not far from
the mill in about nine feet of
water. An autopsy will be held.
A note found among her ef-
fects read "I can't get the
water off my mind."

Miss Garvin had been de-
spondent for several days ac-
cording to her stepmother. She
left Thursday evening for a
suffragette meeting at Brown
University, but she never reach-
ed the railroad station, which
is only a five minute walk from
her home.

After cursory inspection by
state officials, it was announced
that there were no marks of vi-
olence and that death was due to
drowning. The girl had been
dead about twenty hours.

WELFARE WORK IS A PLEA IN REGISTER CASE

CLAIM IT RESULTED IN TURN-
ING OUT BETTER GRADE
OF MACHINES.

FORMER EMPLOYEE OF ONCE
RIVAL CONCERN IS PLACED
ON STAND.

(By United Press)
Cincinnati, O., Nov. 22.—The wel-
fare work done by the National Cash
Register Co., Dayton, O., in behalf
of its employees will be presented as
a defense in the trial of 30 officials
of the company, on trial here in
Federal court, charged with con-
spiracy in restraint of trade.

The charge is made by the gov-
ernment that the National Cash
Register Co., achieved a large part
of its business success through un-
fair methods of competition.

The company will claim that its
success is due to the superiority of
its product resulting from fair
treatment of its employees. The
welfare work made workers more
efficient, it claims, and therefore the
company was able to produce bet-
ter cash registers, than any other
manufacturer.

The company engaged in this wel-
fare enterprise because it "paid"
said attorney John F. Wilson, of
counsel for the defendants in a
statement to the jury.

The company will claim that be-
cause of the ownership of patents
it had a lawful monopoly and
fought competitors only when they
tried to steal its patents.

Henry T. James, of Detroit, the
first witness called by the prosecu-
tion was on the stand again this
morning. James was years ago con-
nected with the Bensinger Co., a
competitor of the National and later
joined the National forces.

state department received word
today from the consul agent at
Nuechitz, Cuba, that the Ward
Line Steamship "Commodore"
had sunk and was a total loss.
All the passengers were saved
but one. The dispatch gave no
further details.

Steamer Commodore, reported
wrecked in Cuban waters, is in
reality the ocean going tug boat
Commodore sent from this port
two weeks ago to do towing
about Cuba. The Ward line
says there were no passengers
and that all of the crew were
saved when the tug was wreck-
ed in a heavy storm.

(By United Press)
Canton, O., Nov. 22.—"The Jun-
gle" today is in revolt against re-
generation.

Desperate in being checked in
their careers of vice, bewildered at
the opportunity for reform being of-
fered them by Mayor Harry S.
Schilling, the denizens of Canton's
notorious underworld crouch behind
what they call "the barrier" be-
tween them and the upper world.

They have apparently turned
their backs upon the offer of Mayor
Schilling to find for them honest,
legitimate employment. They have
declared they cannot return to the
world they put behind them.

So far not a single application
has been made to Schilling's em-
ployment bureau by the women who
will be turned out of their haunts
by 7 p. m. Monday. Nor has any
employer offered to give work to
those who may apply.

"We must live somehow," they
say, and then these young girls ask
bitterly, "How can we go to work
among girls and men who will know
what we have been, even if work
should be offered?"

"We will leave the city, but we
will not ask for work."

Over one hundred and fifty in-
mates of resorts have left within
the last few weeks.

LIMAITE

WHO WAS PROMINENT HERE
FOR MANY YEARS, IS
DEAD.

W. J. BARRETT, FORMERLY OF
THE L. E. & W., DIES IN
INDIANA.

John J. Malloy, of the south side,
has received information from De-
catur, Ill., announcing the death
a few days ago, at Frankfort, Ind.,
of William J. Barrett, a well known
and venerable former citizen of
Lima, who for many years was one
of the best known and most highly
respected citizens of the south side.

According to the information re-
ceived, Mr. Barrett died at the
home of his daughter, Mrs. J. C.
Nugent, at Frankfort, Ind., where
he had been making his home since
leaving this city, about three years
ago. The remains were taken from
Frankfort to Decatur, Ill., once
the home of the deceased, where
the funeral and interment occurred
yesterday.

Mr. Barrett came to Lima about
twenty-five years ago and took the
position of foreman of the black-
smithing department of the main
shops of the Lake Erie & Western
railroad company, where he remain-
ed until after the death of Master
Mechanic Patrick Reilly, under
whom he served for many years.

Mr. Barrett was an excellent citi-
zen and an esteemed man. He was
a member of the congregation of St.
John's church and resided, for a
number of years opposite the church
property on south Main street. He
was an uncle of Edward and
Thomas Brown, both well known
former railroad men who served
several years in the service of the
Lake Erie & Western. Ed. Brown
is now a locomotive engineer on
the Southern Pacific, running out of
San Bernardino, Cal.

Two Legions Will Meet In Big Game Saturday

Harvard Is Favored In Betting, But Old Eli Followers Confident.

Haven, Nov. 22.—Thousands of people are expected to come into town today to attend the annual football game of the Yale-Harvard teams which is scheduled for Saturday afternoon. The visitors comprised alumni and the halls of Harvard as well as from the marts of learning of old Eli. They overran the campus, filled the hotels and mingled with the undergrads, where the one absorbing topic was the probable outcome of the great contest.

tive scores and other data, usually used by football dopesters, all point to the fact that tomorrow will be Harvard's day. Much crimson money was in evidence, and the backers were loud in asserting that the Harvard aggregation would roll down to victory by an easy margin.

Time after time in years past, however, "Yale has upset the dope" by opposing Harvard with a much stronger team than the dopesters figured on. This fact was played to the limit by the Yale enthusiasts.

The much advertised stars, Charley Brickley of Harvard and "Lefty" Flynn of Yale will probably again come under the limelight in the coming contest for the play this season has brought its coaches decisively to believe that the one and only effective way of advancing the ball against a defense of the highest class is to boot it. Both the Yale and the Harvard defenses are unquestionably of the highest class, and each team possesses a topnotch booter; so the winning of the big game of the year tomorrow is expected to raise kicking to a higher degree of importance than ever before in the history of football.

For the booting game, Harvard seems to possess a slight edge, as she does in the defensive game and the offensive game and the rushing game and the open play game. While "Lefty" Flynn may be the most brilliant of the long-distance punters, Sam Felton, the Harvard end with dynamite in his toe has proved himself the more reliable and therefore clearly the more valuable man. And when Harvard regains the ball after Felton has punted into the enemy's territory, the Crimson has in Brickley the best man in the world for drop kicking the rest of the way to the goal posts. Felton and Brickley are hand-and-glove at working the punting in conjunction with the drop kicking game. Not only is their punting better than Yale's, but either of Brickley's substitute drop kickers, Hollister and Millholland can pitch-kick for him in better style than Yale's best man in this department.

When it comes to the rushing game Wendall and Brickley are harder line smashers and shifter brush tackle runners than the Yale half backs, Capt. Spalding and Jean Philbin. Flynn is a speed marvel in skirting the flanks, but Speed Marvel is also Harwick's name. Harvard's fullback has not been advertised like Flynn, but it seems certain that he would have been were he not blessed with a monkey as catchy as "Lefty" for Harwick's work in every game has been on the very highest order. Without making many spectacular touchdowns he has plugged along as the best ground gainer on the Crimson squad and at the same time proved himself equal to the best as an interferer and demolisher of interference.

Taken as strictly as ends, Bomelander and Avery have a slight edge on O'Brien and Felton, and in Ketchman, the best center in the game today, Yale has a slight advantage over Harvard's Parmenter, but the latter is probably the second best. Individual comparison, however, give Yale no further points of advantage than these three. The Yale guards, Cooney and Pendleton, are hardly up to the standard of Penneck and Driscoll, and the magnificent work of Storer gives Harvard the edge in the tackles.

As to team work, the consensus of expert opinion is that Harvard has the smoother working football machine of the two. The Yale team has had the attention of an army of the country's foremost football experts and the Yale players, individually, show more marked results of coaching. But they lack team work, and this, it is pointed out, is more important.

HOW PICKERING LOOKED OVER A YOUNG PITCHER

That winter season which fails to produce a new yarn at the expense of Ollie Pickering may be counted as lost. The present off season will not be an exception for the newest story has already come to light, being sprung by Joe Cantillon, a few days ago in a fanning bee.

Joe related how he had Pickering at Washington when he was slapping and of little value to the club. In this period Cantillon heard of an excellent pitching prospect in some small league in the South. Pickering being of no service to the team he decided to send him to look at the heater. Ollie dressed in his best, got a hair cut

and shaved and reported to Joe for money to pay his transportation. "You are not going down South that way?" queried Joe, when Ollie presented himself.

"Why not?" replied Pick, with a sheepish expression.

"Where is your bat?" was Joe's comeback.

"My bat? what do I want a bat for to go to look over a pitcher?" said Pickering in return.

Here is where Joe put back at him, "you can't size him up without a bat, and if you take one along and can make a foul tip off him bring him at any price."

Can you imagine the grin on Pick's face after this colloquy?

Horace In Trouble Again

New York, Nov. 22.—By paying \$15,000 Horace Fogel today received a renewal of the option on the stock of the Philadelphia National League club, held at \$500,000 which expires on Dec. 11, and is now hunting money to close the deal.

The stock is held by Chas. P.

Taft and Fogel, although the nominal owner has merely been a figurehead. Recently he tried to sell the club and secured an option for that purpose. Now that he has renewed the option, it is reported here, Fogel, will try to borrow enough money to buy the club and thus be better able to fight President Lynch of the National League.

CLEVER CHICAGO LIGHTWEIGHT CREDITED WITH DECISION.

Kenosha, Wis., Nov. 22.—Charley White, clever Chicago 128 pound boxer today was credited with a shade the better of last night's mill with "Pal" Moore of Philadelphia in the opening show of the Kenosha Boxing season. All through the fight, both boys showed cleverness and until the end of the seventh there was nothing to choose between either of them.

During the last three innings, White showed at his best and putting on more speed he outpointed Moore, who was already weary of the speedy pace that had been kept up all through the fighting.

SOCIETY WOMAN KILLS HERSELF

(By United Press)

Detroit, Mich., Nov. 22.—Deaf over continued ill health, Maurice O. Williams, one of the most prominent of the city's leaders, committed suicide last night. Her body was found early today by her husband. Williams had swallowed the contents of a two ounce bottle of morphine and then sent a bullet to her body.

Williams is secretary of the Amis, Davis, Proctors and Hinchinsons, proprietors of the Organ Drug Co.

Sciatica and Neuritis

The prodding pains of rheumatism, sciatica and neuritis cannot long stand before the proof we furnish of the work being done through the country by "Nurito," the prescription in powder form which is a positive antidote for uric acid poison.

It is a physician's prescription, pharmacologically compounded, without a trace of opiate, narcotic or any harmful drug. Reputable physicians all over the country are prescribing it as a long needed remedy, and the news of their success is traveling. It was this news of the universal success of "Nurito" which induced us first to bring it to this city.

At last here is a prescription—not a patent medicine—which will positively, and under a sufficient guarantee, permanently and quickly relieve every case of rheumatism, sciatica and neuritis. It is pure negligence, entailing a continuance of your suffering, not to try it. Particularly those who may think their cases are of long standing and cannot be cured are invited to try "Nurito," with our assurance that the ingredients are absolutely harmless.

We ask you as friends to believe this statement. Try a \$1 or \$2 box and have the glorious sensation of feeling the pains and aches leaving you. Magistral Chemical Co., Flatiron Bldg., N. Y. For sale by

"All Roads Lead To—"Yale

Cambridge, Mass., Nov. 22.—There was a great exodus from Harvard today. New Havenward students and graduates from here and Boston left in small parties all day. Indications are that the following will be tomorrow in the line up for the Crimson.

HURRY! HURRY!

New Haven, Conn., Nov. 22.—Forty-two special trains will be run by the New York, New Haven, Hartford & R. R., for the Harvard-Yale game tomorrow. Fifteen trains running from New York.

The final accounting of the estate of Lucky Baldwin, horseman and sportsman, shows that he left a little over \$20,000,000 after all expenses and minor bequests had been paid. The report, which covers over 920 typewritten pages, contains more than a million items and was the effort of a dozen clerks, who worked on it for a period of more than four months.

HUGGINS MAY SUE HIMSELF

If perchance the order should go out, "We will strike at 10 o'clock next week," what will Miller Huggins do? For the manager of the Cardinals also is a director in the Ball Players' Fraternity, organized recently for the express purpose of whipping the club owners into line.

When the association was formed in New York last summer Huggins took a prominent part. Of the 320 players under contract at that time with major league clubs, 234 became members. Huggins was the leader of the Cardinal contingent.

Dave Putz, president of the association, makes this signed statement:

"The fraternity will institute civil suits to compel magnates to live up to the contracts they have broken."

Now if Miller continues his fraternity job and bosses the Cardinals, if he fired a player he might be in the peculiar situation of suing himself. Maybe he'll have to get off the fraternity job.

Both Teams In Fine Fettle For Big Game

New Haven, Conn., Nov. 22.—Short signal drills, final instructions by the coaches and general loafing comprised the program today of the Yale eleven in this city and the Crimson warriors at New London in preparation for the game tomorrow on Yale field. All the regular Blues are in excellent physical condition. The Harvard men seemed fit as they went through signal drill at Armstrong Park in New London today.

DEATH'S CHAIR DOES ITS WORK

ANOTHER ITALIAN PAYS PENALTY FOR THE KELLY ISLAND MURDERS.

(By United Press)
Columbus, O., Nov. 22.—With a steady step Dominic Selvaggio, 37, walked to the electric chair at the penitentiary shortly after last midnight and paid the penalty for his part in the murder of three Italians at Kelly's Island, September 15, 1911.
Although Selvaggio had been nervous since his partner in crime, Rocco Lovachio, was executed last week, he showed no traces of it when the time for execution came. He remained silent, staring at the crucifix which he gripped in his hand, when given his last opportunity to speak. Selvaggio has a wife and three children in Italy. The woman had sold her home there and used the money to make a fight to save her husband's life. Because of their impoverished condition Selvaggio's last request that his body be shipped to Italy for burial will not be fulfilled. Sheriff Herman Reuter, of Erie county, witnessed the electrocution.
But one condemned man now occupies the annex at the pen. He is Milton Smith, colored, who is under sentence to die in January for killing a Gallia county farmer.

THE GUNMEN.

The quartet of New York robbers and murderers who approached their trial with such jaunty confidence, and when the case was given to the jury made appointments for dinners or suppers to prove their certainty of acquittal, are, if that confidence was genuine, badly disappointed men. The verdict of murder in the first degree sends them, to the death cells, to await further steps in the legal contest by which the final infliction of the penalty is delayed.

To observers from a distance there is something of the confusion found in the case of Becker. There was perjury on one side of the testimony or the other. Perhaps even from the general view there is less reason for doubt seeing that the motive of the witnesses for the defense is manifest, while it cannot be perceived in the case of eyewitnesses for the prosecution who swore to seeing the four men commit the murder. At all events, the criterion on which the public must rely is the judgment of jurors and Judge who had the witnesses under examination and could observe the bearing of each under cross-examination. The pronouncement of the jury, therefore, can be accepted by the public at large as a fair assurance of the guilt of the men.

The peculiar aspect of the case does not lie in the issue decided by the verdict. By the theory of either prosecution or defense, the submerged part of New York is under the sway of assassins. Murder is a commonplace either for revenge or as a commercial transaction, and law is impotent. How children born and brought up in such an atmosphere can ever grow into honest citizens is beyond comprehension. And the fact that this is the full fruition of the most highly finished machine government in the country should surely have its significance for the country at large.

COMFORT.

Before a man—the average man—can be contented, or should be, he must be comfortable. Comfort is just as vital as a competence. Where there is plenty there is not always peace, and where there are all comforts there is not always concord nor contentment but both are far more likely than in a home where there are wants that should be supplied. Is there not a saying to the effect that when property enters the door love flies out of the window.

Love that does that is not true love, of which article there never has been an over-supply or production. If the head of the house, do your utmost to have it replete with comfortable rather than stylish, unless the two go together. The poor and uncomfortable do not furnish the most of the divorces, but they do the most of the suicides and murders.

The present shaking up of quack doctors is a credit to the postal de-

partment. It isn't so much how many of them are landed in the penitentiary as how many unsuspecting can be kept out of the cemetery a little while longer.

Luke McLuke of the Cincinnati Enquirer strikes right at the truth again when he says:

With all her faults, a woman is squarer than a man. When both have loved and sinned, all the tortures ever devised cannot make her admit that he is to blame. But take his cigarettes away from him and he will yell, "The woman did it."

One look at the beautiful Lima reservoir with its six hundred million gallons of pure water would lead to the belief that it will be a long time before this burg goes dry.

New Germany is going to investigate and dissolve the Standard Oil Company of the country. Wonder how much it cost the Standard to get itself dissolved this time?

It is also pleasing to again call attention to the fact that the weather man is still seeing that no great inroads are being made on the coal pile.

Mr. Bryan says he is not a candidate for any place in the Wilson cabinet. When that man quits running for something he must be sick.

One nice thing about Paul Revere's ride is the fact that he made it at midnight and we don't have to sit through a moving picture film of it.

MISS LIMA:—"As a girl grows older she grows wiser and quits wearing so many pins in the vicinity of her waist line."

Sign soon to be seen in the city of Cincinnati:—"Wm. Howard Taft, Attorney-at-Law."

Happy Thought:—The tricky man like a worn-out deck of cards, is hard to deal with.

ST. VITUS' DANCE

The Cure of This Case Is of Vital Interest to the Parents of Every Nervous Child.

Mr. James F. Thompson, a well-known printer, of No. 301 West Iowa street, Memphis, Tenn., has recently told of a cure in his family that will interest every nervous sufferer. Parents of pale, weak, nervous school children will be especially interested. Mr. Thompson said:

"I have a son, Ray, who at the age of five years was scared by some boys. In about two weeks' time he broke down or gave away completely. He had to go to bed and the doctors said that he had St. Vitus' dance. During the entire night and for many nights he would lie awake and cry. He could not sleep at all, but would roll and toss all night long. His arms and head jerked and twitched and he became so nervous that he could not feel himself. He got so that he couldn't even speak. He had particularly bad spells, which came on about every three months. He was confined to bed for two months when he was first taken sick.

"I had a nervous specialist and two of the best physicians in Memphis with him during the first year of the disease. They couldn't do anything for him and didn't help him a bit. Finally the last physician said that he would have to outgrow it. I then bought a box of Dr. Williams' Pink Pills. They helped him right away and, although he had been sick for a year and a half, he began to eat and to gain strength. I gave him the pills until he entirely recovered his health. He has never had an attack of St. Vitus' dance since. He is attending school and is in perfect health.

"St. Vitus' dance, nervous debility or neurasthenia, neuralgia, sciatica, nervous headaches and nervous dyspepsia are due to weak, exhausted nerves. The correct treatment in each case is to build up and purify the blood, which alone can give the nerves nourishment. Unless you build up the blood, it is useless to try to reach the nerves with medicine or nourishment. Dr. Williams' Pink Pills for Pale People contain the very elements which enable the blood to nourish the nerves until they become strong.

"Write today for the free booklet, 'Diseases of the Nervous System.' Dr. Williams' Pink Pills are sold by all druggists or will be sent, postpaid, on receipt of price, 50c. per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y."

MINSTREL SHOW WAS A HUMMER

AN WEST HIAS ENTERTAIN
BIG CROWD AT OPENING
PERFORMANCE.

The Elks of Van Wert enjoyed a huge success in the staging of the first night's production of their big amateur talent minstrel performance which was given in the Auditorium theatre in that place Thursday night. The house was crowded with an appreciative audience and the show from every point of view was of the highest standard, being artistically produced as a similar professional attraction could have been.

About twenty Limaites attended the performance, returning home, most of them over the Ohio Electric on a regular car which was held at the theatre until 11 o'clock. A number of others made the trip in automobiles. A large number of the local lodge of Elks will attend the second production which will be given tonight. The Ohio Electric will give the same good service which was enjoyed last night.

The two premier comedians, E. C. Eppley, manager of the Lima House and Lester Schnitzer, manager of the Leiser store, in their acrobatic song and dance act, were again big favorites, carrying the house by storm with their line of original fun and acrobatic work. Harry Crox, of this city, who opened the first part with a bass solo, was also one of the big hits of the show, while Harry Lawlor and Lloyd Applas were features of the olio in their original act. C. C. Cleveland, who directed the rehearsals of the show, was highly complimented for the success of his efforts. Van Wert lodge furnished excellent talent in both sections of the performance and is entitled to equal credit for the excellence of the entertainment. About 50 members and friends of that city participated in the show. A heavy advance sale of seats was announced at the box office for the second performance.

No More Constipation

IT'S ME FOR OLIVE TABLETS!

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and Calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a real, soothing laxative.

No griping is the "keynote" of these little sugar-coated tablets.

They cause the bowels and liver to act normal. They never force them to unnatural action.

Dr. Edwards' Olive Tablets are so easy to take the children do not regard them as "medicine" at all.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and constipation, you'll find quick, sure and pleasant results from one or two little Olive Tablets at bedtime. They're perfectly harmless.

Thousands take one every night to keep right. Try them.

REMOVAL

OF C., H. & D. SHOPS IS TO BE STRONGLY OPPOSED.

MEMBERS OF PROGRESSIVE CLUB DISCUSS IT AT INTERESTING MEETING.

Endorsement of the recent action of city council in declaring against future grade crossings within the corporate limits and the launching of an investigation to ascertain the intentions of the C., H. & D. railway company relative to the rumored removal of their shops from this city, were the principal matters undertaken at a special session of the Lima Progressive Association, Thursday evening.

Directors of the association declared grade crossings to be detrimental to municipal welfare and ordered a resolution prepared commending city council for its standpoint attitude, which was taken at the time the C. and E. railroad asked for certain changes in south Lima streets.

The following members were appointed as a committee to investigate the current rumors that the C., H. & D. is to move its shops from Lima—F. E. Harman, chairman; N. L. Michael, F. L. Maize and H. W. Pears. The committee will confer with high officials of the company.

In addition to "The Booster," a periodical in course of preparation, to be issued by the Association, directors last night decided to publish a pamphlet suitable for mailing in which the advantages of Lima would be outlined. The following committee was appointed to take care of the project: H. W. Pears, chairman; F. E. Harman, G. L. Newson, F. L. Maize and Holmes Mackenzie.

New "Baptist Bible" May Be Only Myth

That the new copy of the Holy Writ, first copies of which have appeared purporting to be the Baptist Bible and issued under the direction of the American Baptist Publication society, is apparently the work of heretics was the opinion expressed by the Rev. F. A. Stiles, pastor of the First Baptist church, 906 Richie avenue, when seen by a News representative, today.

"I have heard little of the new version, either as a contemplation or as a fact; none of our publications have mentioned it," said the local pastor.

The new Scriptures is said to be a radical departure from the King James translation. The words Adam and Eve do not appear in it. Instead reference is made merely to a man and a woman. Instead of Hell, "underworld" is used. In the Jonah story, the whale is referred to as a great fish. Jehovah generally takes the place of Lord, and carved replaces graven. After the word baptized, follows in parentheses, the word "immersed" in every case.

In the Lord's Prayer, this form is used: "Thy will be done, as in heaven so on earth," and "forgive our debts as we also have forgiven our debtors." Women are exempted from the punishment to be visited on the children of the wicked by the following version: "Visiting the iniquity of fathers upon the sons unto the third and fourth generation of them that hate Me."

"I do not know a thing about it," said Rev. Stiles, Friday afternoon. "I know what the American Baptist Publication society is, and what it is doing in a general way, but I never knew that it had a new version of the Bible under way."

Everybody's Buying
Begy's Mustarine
Fine for sore throat or chest, coughs, lumbago, neuralgia, and lameness; won't blister—always ready.
Money back says Hunter Bros. If BEGY'S MUSTARINE isn't better than anything you ever used for everything stated in this little advertisement.

And that means a whole lot of things: pleurisy, for instance, and croup; stiff neck, bronchitis, colds, cold feet, headache, earache, and toothache.
A 25 cent box of BEGY'S MUSTARINE is better than 50 mustard plasters, better than liniments, poultices or hot water bottles. Just rub it on, that's all, and away goes soreness, lameness, sprains, cramps in legs, lame back and swollen or stiff rheumatic joints.
It won't blister; it won't soil; but it will draw all agony from sore, burning feet and aching corns, bunions and callouses. It's fine for chilblains and frosted feet, and remember whatever it does it does it quickly. Druggists everywhere over 25 cents. Be sure it's BEGY'S MUSTARINE in yellow box.

Ambition Pills For Nervous People

Everyone can be helped with the famous Wendell's Ambition Pills, the great nerve tonic that will put vigor, vim and vitality into nervous, tired out, all in, despondent people in a few days.

Anyone can buy a box for only 50 cents and the Enterprise Drug Store is authorized by the maker to refund the purchase price if anyone is dissatisfied.

Thousands praise them for general debility, nervous prostration, mental depression and unstrung nerves caused by over indulgence in alcohol, tobacco or excesses of any kind.

As a brain food or any affliction of the nervous system Wendell's Ambition Pills are unsurpassed, while for hysteria, trembling and neuralgia they are simply splendid.

OUTLAW LEAGUE BEING PLANNED

Omaha, Neb. Nov. 22.—The new major league, comprising Indianapolis, Louisville, Columbus and Toledo American Association clubs and similar clubs at Cincinnati, Cleveland, Pittsburgh and Detroit, and a new western league, composed of Kansas City, St. Paul, Minneapolis, Milwaukee, a north side Chicago team, Omaha, St. Joseph and possibly Des Moines—this is the "outlaw" plan for re-organizing the base ball lineup.

W. A. Bourke owner of the Omaha Club, who had been approached by the "outlaw" promoters, gave out this information today.

"I believe the new arrangement would be satisfactory," said Bourke, "but I do not think it could be effected without a bitter fight. I cannot say who is behind the proposition."

His Landlady's Advice Probably Saved His Life

I feel that Dr. Kilmer's Swamp-Root saved my life. I inherited weak kidneys. The discharge was so frequent and painful that I would have to stay in bed to obtain temporary relief. I consulted good physicians but the results were disappointing. My landlady advised me to try Swamp-Root as the last resort, which I did and I was quickly relieved.

I continued taking Swamp-Root and my weight has increased fifty pounds. My health is of the best and I have told many others about Dr. Kilmer's Swamp-Root and have done a lot of good in this way. Your wonderful medicine is of great value to mankind.

Yours very truly,

IN LITIGATION OVER THE FAUROT ESTATE

A new angle has been taken in the legal proceedings surrounding the efforts being made to untangle the skein of litigation over the estate of the late Benjamin C. Faurot has been taken through the filing in the court of common pleas of an appeal from the probate court in the matter of court claims which county officials claim should be paid by executor J. M. Dawson, of Cincinnati, who was Mr. Faurot's counsel at the time of the death of the once prominent and prosperous Limaite.

The fees in question amount to \$167.37 and are claimed as due to T. J. Edwards, former county clerk, \$62.93, E. J. Barr, former sheriff, \$6.45, C. A. Graham, county clerk, \$25.02, and F. Marion Watt, sheriff, \$2.73. The order of Probate Judge Hutchinson, from which the appeal is made gave the executors thirty days from October 11 within which to make the payments.

A blacksmith shop and barn owned by Miner Smith was burned to the ground at Westminster Thursday afternoon. Sparks from the forge started the fire. SURE CURE FOR THE "BLUES."

If you want to laugh and forget your cares visit the Lyric and see "Plain Molly," a splendid up-to-date comedy which The Barrett Players are giving us the last half of this week. Miss May plays "Molly" in a highly pleasing manner; Miss Hill as the "Aunt" was a success as a mirth producer. Mr. LaRenz in the leading male role retained his favor with the audience as did Mr. Barrett, who plays a "comedy heavy." Eddie L. Walkup also came in for a good share of laughter and applause. As usual the rest of the cast was up to the standard and ably assisted in making "Plain Molly" a huge success. Beginning next Monday Marion Crawford's stupendous success "The White Sister," which is one of the latest and greatest successes in the dramatic line, will be presented. Special costumes, etc., are required for this remarkable play, all of which will be brought out in complete detail. It is the first and likely the last opportunity Lima theatregoers will have of seeing "The White Sister" at popular prices. "Plain Molly" tonight and Saturday night, with a special matinee Saturday at 2.30.

DRAMATIC ORATORY MARKS CLOSING OF FARLEY CASE

Last Chapter in a Crime That Has Interested Not Only Columbus Alone is Soon To Be Completed.

Columbus, O., Nov. 22.—The final scene of the dramatic fight of Cecelia Farley to escape the electric chair on the charge of murdering Alvin Zollinger was staged when counsel on both sides summed up the case.

His arguments bristled with quotations from scripture. Interest was at fever heat.

Cecelia Farley was subjected to a terrible arraignment.

She was depicted as a murderess, a girl who pursued men and was not pursued by them.

Through it all Cecelia Farley sat beside Jerome Quigley, the man who will be her husband if she is acquitted.

Frequently they exchanged glances and whispered words of cheer to each other. The girl was dressed in a blue suit, blue hat and net veil.

Termining Miss Farley "a cool, calculating, methodical, refined, polished girl who was Zollinger's master mind," Assistant Prosecutor John G. Price opened the arguments.

"She helped Zollinger in his business affairs and was his confident. And, more, as you know, in his office. Miss Farley herself is the best denial that she feared Zollinger."

"The best evidence is that Zollinger fell, mortally wounded and that Cecelia Farley held the revolver that fired the fatal shot," he concluded.

Miss Farley relaxed visibly when Price finished and Attorney Jas. A. Allen arose to make the opening plea for the defense.

"This little girl appears before you perfectly satisfied of your fairness," said Allen.

Why did Turner insist that Miss Farley answer if she had had improper relations with Jerome Quigley, her promised husband? One reason, to prejudice the girl in your eyes.

"Quigley and Cecelia knew their own hearts and their own propensities. They loved each other, spent nearly every evening with each other and planned to marry. They believed that in the eyes of God they were man and wife that wedding was already consummated above."

"Quigley loves her still, she loves him and they are to be married."

"But if any man think that he behaveth himself uncomely toward his virgin, if she pass the flower of her age, and need so require, let him do what he will, he sinneth not, let them marry," quoted Allen from the Bible.

He then took up the thread of the girl's life story from girlhood to the present time.

"At 17 Cecelia Farley was beautiful and happy. In the hour of tender childhood she met Alvin Zollinger. Would that she had died then."

"Sweet memories would now be clustered around her grave and she would have been spared this sinful life."

"Gentlemen the end of Zollinger's life was what was to be expected in a man who had led such a sinful life."

"Remember, the wages of sin is death."

Allen had not finished at noon.

TWO PLAIN ONES.

Two unfortunate "plain ones" was the whole docket of Mayor

Shook's court, Friday morning. Jimmy McFadden, a repeater, who police found staggering about the streets emitting a flow of vile language, was soaked \$5.00 and costs. John Ryan, the other victim, got off with the minimum of \$1.00 and the expenses.

LITERAL SLAVES.

Four Bulgarians Seek Liberty in Magistrate's Court.

Declaring that they had been victimized under the peonage system upon their arrival in New York several months ago and brought to Lima as literal slaves by an intolerable labor agent, four Bulgarians appeared in Justice Holmes' court Friday morning and wished to file an action against the Miles-Tighe construction company for back wages alleged to be due them.

One of the quartette, Tom Vokuck, had been discharged from the labor company's employ. The other three, Nick Bustick, John Marlich and Andy Smith had deserted their posts of duty through sympathy for their discharged "pal." Each of the men claimed that a month's wages was due him.

Justice Holmes took their cases under consideration and will attempt to adjust matters with the company.

Frank Wambaugh was chosen chairman of the committee to supervise the observation with the following members to assist him, John Grubb, John Barrick, Harry Hinton and P. A. Sauter. An excellent program is being arranged. Thursday evening's dance was a splendid success being attended by a large number.

NEGRO FINED FOR ASSAULT

LIKE BOONE, COLORED SALOONIST "IN BAD" AGAIN—THREATENS CONTRACTOR.

Ike Boone, a colored saloonist, of south Union street, was fined \$5.00 and costs in municipal court Friday afternoon on a charge of threatened assault preferred against him by C. E. Dick, a foreman in the employ of Henry Enck.

Contractor Enck had a force of men paving Walnut alley Thursday when one of Boone's employees engaged in removing garbage from the alley became abusive and got into a quarrel with Mr. Dick. Boone took up the argument and made dire threats against the foreman.

On behalf of his employee, Mr. Enck preferred charges. Boone pleaded guilty and paid his fine.

Amidavits were filed against Ike Mine and William Harper in police court Friday afternoon charging them with permitting their stock to run at large in the west end. The charges were preferred by Fred Bizant, designer of the Grammer-Bernstein company. The defendants will be arraigned in municipal court, Saturday morning.

VERY GOOD JOB.

Fire Chief John Mack, Friday morning, inspected the razed Satterthwaite premises at the northeast corner of the public square and approved the job. Local Traction Official Had Good Time at Convention.

F. D. Carpenter, general manager of the Western Ohio electric railway company, and J. A. Cochran, chief engineer of the Ohio Electric company, returned Friday morning from Columbus where they attended the midwinter meeting of the Central Electric Railway association for the past two days.

More than 200 electric railway officials attended the convocation. In executive session they took up matters of traffic and adjustments between various lines. Indianapolis will get the annual meeting. It has already been agreed that no more than three will be held. Special cars, one from Indianapolis and one from Cleveland, carried the railway managers to the Co-

lumbus meeting.

Gaylord Thompson, of Springfield, a high official of the Ohio Electric company, read a paper at the convention.

THOUSANDS VISIT STORE

LOCAL COMPANY ESTABLISHES
NEW STORE AT KALAMAZOO,
ZOO, MICHIGAN.

The Hoover-Bond Company, of this city, have again extended their already extensive business in the housefurnishing line, with the opening of a large retail emporium at Kalamazoo, Mich. The following account of the opening, which was held Wednesday of this week, taken from the Kalamazoo Gazette, is interesting to the many friends of the members of the firm, and Mr. C. C. Allen, a former Lima lad, who has charge of the new enterprise:

"One of the most successful store openings that has ever taken place in Kalamazoo, was the event of yesterday afternoon and evening at the new Hoover-Bond company's furniture store in the Desenberg block on east Main street.

The doors were opened for the first time at 2:30 in the afternoon and large and appreciative crowds thronged the store until long after the time set for closing.

Ten Thousand Visitors.
It is estimated that nearly 10,000 people visited the store during the day and from the complimentary remarks heard on all sides it was apparent that no one was disappointed with their visit.

The store was handsomely decorated, magnificent flowers having been presented by all of the visiting managers, as well as beautiful bouquets from the Kalamazoo National bank, the First National and Messrs. Desenberg, owners of the building occupied by the Hoover-Bond company.

Eight Course Banquet.
One of the enjoyable features of the opening was an eight course banquet at the New Burdick hotel at 8 o'clock. Those present were: W. M. Penny, manager of the Richmond, Indiana, store; L. E. Davis, assistant manager, Richmond; A. D. Rowlands, manager of the Mansfield, Ohio, store; C. B. Stewart, manager of the Tiffin, Ohio, store; Charles H. Rowlands, manager of the Marion, Ohio, store; R. J. Sturtz, manager of the Mt. Vernon, Ohio, store; O. Peters, manager of the Marion, Ohio, store; Victor Bond, vice-president of the company; Mrs. Victor Bond, Miss Margaret Bond; W. F. Hoover, president of the company; Mrs. W. F. Hoover, all of Lima, Ohio; J. H. Reed, manager of the Ashtabula, Ohio, store; E. H. Ellis, manager of the Steubenville, Ohio, store; C. C. Allen, secretary and treasurer of the company and manager of the Kalamazoo store; Mrs. C. C. Allen, O. H. Augspurger, H. S. Baker, Miss Edith Sharratt, Wilbert Muller, all of the Kalamazoo store; H. A. Furber, of Toledo, Ohio; E. M. Schuler, of Lansing, Mich.; J. B. Kearns, of Chicago; A. E. Kettle and J. A. Smythe, of the Kalamazoo Gazette.

Dispense Gifts.
Music was furnished for the opening by Salomon's orchestra, and flowers were given to visitors.

A magnificent brass bed was given to Mrs. Louis Bailey, of 448 west Main street at 10 o'clock, this being the finishing detail of a very successful day.

C. C. Allen, the manager of the new store, as well as secretary and treasurer of the Hoover-Bond company, comes to Kalamazoo from Richmond, Ind., where he opened and built the business of the concern in that city. He is a furniture

man of many years' experience, in fact he has made a life long study of the public's needs in the furniture line and there is no detail no matter how seemingly trivial that he does not understand.

Assisting Mr. Allen are O. H. Augspurger, H. S. Baker, Wilbert Muller, Albert F. Welch and Miss Edna Sharratt, who have been connected with the Hoover-Bond company for several years past and are experienced in the furniture business."

Private funeral services were held from the Williams & Davis parlors at 2 o'clock Friday afternoon and interment was made in Woodlawn cemetery. The services were conducted by the Rev. David E. Schultz.

SIDNA ALLEN FOUND GUILTY
Wytheville, Va., Nov. 22.—Guilty of murder in the second degree was the verdict found today in the case of Sidna Allen, leader of the Hillsville mountain clan, rendered this afternoon. Fifteen years imprisonment is the penalty provided by Virginia statutes. Allen and his wife were both almost prostrated by the verdict.

CRACK HUNTERS
ARE FINDING PLENTY OF RABBIT BUT QUAIL ARE VERY SCARCE.

Local hunters are making the most of this fine weather and early traction cars out of the city carry scores of them to their favorite hunting grounds. Practically all of them report plenty of rabbits, but quail are scarce.

Bryce Bowserox, considered one of the best shots in northwestern Ohio, has reported rabbit quite plentiful in the western section of the county, and attributes their scarcity to the severe winter when berries and other food-stuff was killed, leaving the older birds with practically nothing to winter on. Mr. Bowserox has shot in practically every part of this section and his explanation of the scarcity of quail is generally accepted while his full game bag of rabbits each day bears out his claim that the bunnies are plentiful.

NEGRO BURGLAR IS STERNLY DEALT WITH
Stern punishment fell to the lot of William Kimbrough, the young Cincinnati negro, captured by two railroad employees as he emerged from the local home at 573 Maple avenue, Thursday afternoon, after he had forced an entrance.

Admitting that he had entered the house but pleading innocent of the charge of burglary, the negro was convicted and sentenced to pay a fine of \$10.00 and serve a ninety day term in the city workhouse.

Kimbrough said a strange man had invited him to enter the house. The stranger then unceremoniously departed, locked the door and left him to the mercy of the law. He began his stone pile sentence Friday morning.

OLD VAN WERT IS PRIMED FOR ACTION

Primed for action and lots of it, the Van Wert high school football aggregation whirled into Lima shortly after the noon hour Friday and are this afternoon engaged in deadly combat with the local gridgers on College field. The game was scheduled to start at 3 o'clock.

The largest crowd of the season is expected this afternoon for the reason that the Van Wert game is the last contest but one on the local schedule. The visitors are carded as the strongest team of the interscholastic conference and a hardy battle is anticipated.

Ferrall was placed at center by Coach Simpson to take the place of Downing who was incapacitated in last week's game at Kenton. No other changes were evident.

WILL SETTLE COAL STRIKES
Charleston, W. Va., Nov. 22.—Officials of the United Mine Workers of District No. 17 are rejoicing today over the prospects of an immediate settlement of the strike so far as it affects Eskdale on Cabin Creek where 200 miners are usually employed.

New York capitalists represented here by Attorney Lyon Smith, have an option on the Halley and Stephenson Coal and Coke company until Dec. 31.

Smith announced the property will be taken over and started in operation as soon as the miners ratify the agreement, which is acceptable to the firm. This is the first prospect of an agreement on Cabin Creek and may lead to an adjustment of the labor difficulties in that district.

QUICKLY CURES THE WORST BACKACHE
New Remedy Makes Kidney Troubles, Bladder Disorders, and Rheumatic Pains Disappear, as if by Magic.

It is no longer necessary for any one to suffer with backaching, kidney trouble, have disagreeable bladder and urinary disorders to contend with, or be tortured with rheumatism, stiff joints, and its heart-wrenching pains, for the new discovery, Croxone, quickly and surely cures all such troubles.

Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principle of removing the cause. Pills, tablets, and other remedies at the best, merely stimulate the kidneys, giving temporary relief. Croxone cleans out the poisons.

It soaks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys sift out and filter away, all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy, and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone is such, that it is practically impossible, to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pains in your back and sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired, and run down, or bothered with urinary disorders, Croxone will quickly relieve you of your misery. You can secure an original package of Croxone at trifling cost from any first-class druggists. All druggists are authorized to personally return the purchase price of it falls in a single case.

NEW TIME CARD FOR LOCAL LINE STARTS MONDAY

WINTER SCHEDULE WILL BE COME EFFECTIVE ON THE C. H. & D.

SOME SLIGHT CHANGES IN "SKIPPER'S" TIME OFFICIALS OF THE LAKE ERIE & WESTERN ON INSPECTION TRIP.

A new time card will go into effect on the main line of the Cincinnati, Hamilton & Dayton railroad at midnight Saturday night, providing the winter schedule for the movement of regular trains. The time card meeting was held in Cincinnati this week and although the new cards had not yet been received here Friday afternoon, it was understood there will be but slight changes made in the schedule for the through passenger service trains. There will be some changes in the leaving and arrival time for the "Cincinnati skipper" run, which will leave Cincinnati daily at 5:10 p. m. This run will be on daily service and another run will take its place on Sundays, leaving the Queen City at 5:30 on Sunday evenings.

Train 11 will arrive in Cincinnati at 9:35 o'clock each morning and the Sunday run will be due to arrive there at 10:10 a. m.

MAKING AN INSPECTION.
General superintendent H. A. Boomer, of the Lake Erie & Western, accompanied by W. G. Atwood, chief engineer, and division superintendent George Dyer, arrived in the city last night on an inspection tour which they are making over the Sandusky division. They spent the night in this city and left this morning on board a special train which took them to Muncie and Tip-ton. Roadmaster J. R. Coulston, of the Sandusky division is also a member of the party.

TO IMPROVE SHOPS.
The officials of the Baltimore & Ohio road, who are making an inspection trip over the lines of the C. H. & D. system, have announced that some improvements in the Lima shops of the road are contemplated and may be made during the coming year. The officials have assured the local men of the company in authority that Lima, especially the local shops will come in for a share of the expenditures which are being made along the line. The erection of a new engine shed and the improvement of the local shops are counted upon as reasonable certainties.

HOTEL REGISTER MAY CLEAR DAYTON MAN
Inquiry upon which may hinge the conviction of John Ochs, a well known Dayton man, was made by detectives from the Lima police department, at the Lima House, Friday morning. Whether or not Ochs spend the night of August 31 at the local hotel is the bare thread by which hangs his conviction.

At 7 o'clock on the evening of August 31, a young Dayton lad was run down and killed by a speeding automobile in the streets of the Gem City. Dayton authorities investigated and held Ochs for the crime. The latter has attempted to disprove the charge by the claim that he was a guest at the Lima House, this city at the time of the tragedy.

Detective Reed this morning visited the hotel and found Ochs' name registered on the evening of the fatality. This information was wired to Dayton authorities and may assist materially in the exoneration of Ochs.

ANOTHER HITCH IN THE SALOON CASES

Another hitch in the plans of police officials came Friday morning and as a result another saloon case was postponed.

E. V. Lory, of the liquor firm of Lory & Moore, against whom an affidavit is held for Sabbath "open house," succeeded in having his case postponed an account of illness. Lory's case was scheduled for hearing Friday morning.

J. A. Welsh, charged with running a wine room in conjunction with his saloon at 728 north Main street, appeared at the mayor's office Friday and entered a plea of not guilty. His hearing was set for 3 o'clock. Attorney John Klatte will defend him.

At 2 o'clock Friday afternoon, Jerome Shine, barkeeper at "The Turf" saloon on north Main street, will contest the charge of Sunday selling held against him as a result of a raid on his place last Sunday evening. Attorney Klatte has also been retained by him.

No definite date has been set for the Lory trial.

CROWDS WATCH HUMAN WONDER
LIVING MODEL IMITATES AUTOMATON AT 998 CLOTHING STORE.

One of the most clever window attractions ever offered by a local concern is being put on at the Nine-Ninety-Eight Clothing Store at the corner of Market and Union streets.

Between the hours of 10 and 12 o'clock Friday morning crowds were attracted to their display window by the appearance of an apparent mechanical figure, dressed in the season's latest clothing products from head to foot. It has developed however that the figure is a living person, in Mr. J. S. Moore, well known to the theatrical world, who was engaged by this enterprising firm to put on this feature window attraction. Mr. Moore will be seen in the "Automaton" character at the Nine-Ninety-Eight store Saturday morning between the hours of 10 and 12 o'clock.

GASOLINE TANK MUST BE REMOVED
The position of the gasoline tank standing in front of the grocery of Z. A. Crosson, at 112 east Market street, was condemned by State Fire Marshall C. H. Zuber in a letter to Fire Chief John Mack Friday morning.

While on a recent visit here a deputy marshal inspected the premises and noted the condition of the gasoline tank. Accordingly a report was made to Zuber in which a condemnation was recommended. According to the inspector there is gasoline stored on the premises under such conditions as to render the building especially liable to fire and a menace to the adjoining property. Chief Mack in compliance with instructions ordered the grocer to either lower or elevate the tank so as to remove it from a radius of twelve feet of the building. All rubbish was also ordered removed from the premises.

Mr. Crosson will be given thirty days in which to comply with the fire marshal's order.

SERIOUS
IS THE CONDITION OF MRS. F. L. FOUST, AT LIMA HOSPITAL.

Service Director Frank Harman in Foust, residing at 823 west Spring street, was on Friday afternoon, reported to be in quite a critical condition at the city hospital, to which institution she was removed Thursday night. Mrs. Foust underwent a critical operation early Friday morning, one from which there is a possibility of saving her life. The situation is doubly sad because of the fact that the young life which was expected to be about launched into the world could not be saved.

PROPOSED SEWER

BEARS DRIVEN INTO SHELTER

FRESH WAR NEWS FROM THE BALKANS SENDS WHEAT UP SOME.

Chicago, Nov. 22—Wheat has made a gain over a cent since noon Thursday as a result of news to the effect that the Balkan war is going to start anew. The bears have been driven to cover by this news and Friday they were unable to get the December or May crop below Thursday's close of 85. The corn crop reports are still most favorable and it is apt to start moving to market now at any time. This fine weather is general throughout the country and means well for corn. Oats are a little weak. There is a good buying of hog products and the packing so far this week has been larger than the same week last year. As a result of this provisions generally dropped in price a bit Friday. The general close showed:

Wheat, May 90 1-8; July 87 1-4, Dec 84 1-2. Corn, May 47 1-2, July 48 3-8, Dec 47 5-8. Oats, May 32; July 32, Dec 30 1-8, Jan pk 19 20; May pk. 18 47; Nov pk 17 25.

STOCKS GET A LITTLE BOOST

AMERICAN ISSUES ARE CONTINUING STRONG IN LONDON MARKETS.

New York, Nov. 22—Stocks got a little boost today, and along with came announcement of a rise of Americans on the London market. The opening was quiet and a reaction below Thursday's range. By noon, however, there was a firmer tone, and most all the recessions had been cared for nicely. The close was firm.

It is possible that the next favorable development may be the award of the Arbitration Board in the case of the engineers. This is to be made on Monday. As indicated before, it is believed that the railroads have made a strong case, and that their argument has been very satisfactorily received by the board before whom it was presented.

THEY LOSE A BIG FEE

UNITED DOCTORS REFUSE TO TREAT A CASE WORTH FIVE HUNDRED DOLLARS

The past few days have been strenuous ones for Lima's now famous medical specialists, the United Doctors, with one of their permanent institutes established in the Cincinnati block. From early morning to late at night on most every day recently, the waiting rooms have been crowded to overflowing with sick men and women, many of whom come a long ways to be treated.

Not all who call are accepted for treatment, although all are carefully examined. Only the curable cases are accepted for treatment. It sometimes happens that the cases refused are willing to pay almost any price for the treatment so eager are they for this new system which has gained so wide a reputation for curing seemingly hopeless cases after others fail, and one day recently a gentleman offered these specialists a fee of \$500 if they would take his case and promise a cure. The United Doctors refused to accept the money.

Said Dr. Rouse, the physician in charge of the office: "We never take incurable cases and no amount of money will tempt us to treat a case we believe to be a hopeless one." "But," continued the interviewer, "do you not have regrets at refusing to treat a case?" "We do," replied the doctor, "we always regret exceedingly the necessity of having to send some people away without treatment but our rule to never take any incurable cases is ironclad and not for any sum of money will we violate it."

"What was the gentleman afflicted with who offered you such a big fee?" asked the interviewer again. "He was a case of Bright's disease of the kidneys," said the doctor, and he further stated that this poor unfortunate sufferer's case was all the more pitiable because of the fact that he had been advised by a competent specialist about a year ago that if he went under proper medical treatment then his disease would possibly be cured and he would be able to live. The gentleman explained that it was his physician's advice that he followed and that he believed himself that he had followed the advice of his physician he might now be a well man instead of a very sick man who is resigned to his fate.

How many there are who have kidney disease and do not know it. The United Doctors have warned people who have any symptoms of it to seek competent medical aid without delay, that this form of disease is very insidious and is almost impossible of detection by ordinary means.

It is obvious to anyone that the least signs of kidney trouble should be heeded in time and the symptoms attended to. The United Doctors are always glad to examine anyone who is a sufferer of any form of kidney disease and give them good advice free of charge. To curable cases treatment will be given at the Lima Institute at cost provided you call before the special free service offer expires.

WHEN IS DIVORCED WOMAN A WIDOW?

(By United Press)
St. Louis, Nov. 22.—Is a divorced woman a widow?
This was the puzzling problem which Judge Grimm in the Circuit court admitted he could not solve offhand. He took the question under advisement. The point was raised by Henry A. Baker, attorney for Felicie Badaracco, of Webster Groves.

Francis Gros left to his niece an estate valued at \$30,000, to be held in trust for her children, with the proviso that if she became a widow she should be to become hers. She married Joseph Barrett. In 1903 she obtained a divorce and the restoration of her maiden name. Attorney Baker insisted that her divorce made her a widow and that the estate should be turned over to her.

ASHLAND GAS

SHOWS NO SHORTAGE LIKE LIMA FEELS—OPEN NEW WELLS.

(By United Press)
Ashland, O., Nov. 22.—The gas condition here was never better and good producing wells continue to be struck with a degree of regularity that surprises even the most experienced gas men. Although the pressure is naturally a little lower than it was at first on account of the large number of wells being struck which draw slightly from others there is still gas in tremendous quantities here and there is little danger of a shortage for several years to come.

A good gas well measuring between three and four million feet per day, was drilled in on the farm owned by George, Frank and Charles Freer on the Wooster road, Saturday evening. The land was not leased to any of the gas companies operating in this section but was drilled independently for Freers by C. Coyle. Gas was struck at a depth of 2,500 feet. At least one more well will be put down on their farm soon. Their farm is in the midst of some good gas territory and should be successful with another well.

Patrolman on Excise Duty Therefore Loses Case.

(By United Press)
New York, Nov. 21.—Magistrate Harris, sitting in the Snyder avenue police court, Brooklyn, was astonished when a policeman, assigned to excise duty, and testifying in the case of a bartender, said that he had never tasted lager beer in his life. The testator who had been detailed to get evidence against law violating saloonkeepers was Patrolman Walter D. Martin, of the excise squad.

WARRANT

HOLDS MAN SUSPECTED OF CRACKING A SAFE.

SALOONIST KIRK BROWN HELD UNDER BAIL AT BOWLING GREEN.

(By United Press)
Toledo, O., Nov. 22.—Suspected of having been implicated with the safe blowers who robbed the Munn bank at Portage, Wood county, early Tuesday morning of more than \$4,000, Kirk H. Brown, proprietor of a saloon at 37 South Huron street, Toledo, is being held in the jail at Bowling Green on a "Jim Doe" warrant, charging him with burglary and larceny. The warrant was issued Wednesday afternoon, after Sheriff Heald and several deputies and a Toledo detective had questioned the suspect for several hours.

Detective Henry Herbert, of Toledo, who has known Brown for a number of years, went to Bowling Green Wednesday and spent more than three hours talking to the prisoner.

According to Herbert, Brown stuck to the story he told when taken into custody about 6 Tuesday morning, a few minutes after he and his disabled auto had been towed into Portage, where his machine broke down. The saloonkeeper said that his auto broke down about half an hour after midnight while he was on his way from Lima to Toledo. He said that he left Lima at 4 Monday afternoon.

Brown's wife told Detective O'Reilly Tuesday morning that her husband was in his Toledo saloon all the previous evening and closed the resort at midnight. Mrs. Brown said that a few minutes after he had closed his saloon her husband told her that he was going on a hunting trip that he was automobile and would return early the next morning.

LIMA MASONS
NAME OFFICERS

SCOTTISH RITE CLAN ENJOYS
BANQUET AT NORVAL
THURSDAY EVENING.

All of the former officers were
re-elected at the fourth annual ban-
quet of the Lima Scottish Rite As-
sociation held at the Hotel Norval
Thursday evening which was at-
tended by eighty members of north-
western Ohio. Officers re-elected
were: P. T. Cutbert, president; R.
O. Blagie, vice president; G. F.
Whitman, secretary and B. W.
Mason, treasurer. Visiting mem-
bers included Frank Allinger, S. D.
Chambers and C. F. Ross, Delphos,
William Tall, 3 degrees, and F. S.
Bates, eminent commander of the
Findlay Commandery Knights Tem-

plar, both of Findlay; Judge A. M.
Heldelbaugh, Charles E. Jones, G.
W. Core and J. L. Turner, Colum-
bus Grove, and W. D. McCoubrey, of
Alger.

During the course of the banquet
last evening, Toastmaster F. T.
Cutbert announced that the honor
of exemplifying the thirty-first de-
gree in the January semi-annual re-
union of the Ancient and Accepted
Scottish Rite Masons at Toledo in
January, had been conferred upon
the Lima Masons. The highest de-
gree hitherto exemplified by the lo-
cal Masonic body has been the
eighth degree. Great preparations
will be made for the exemplification
in Toledo.

Addresses last evening were de-
livered by M. G. Harper, Gus. Kalb,
B. A. Gramm, W. L. Parmenter, W.
B. Riehl, H. S. Enck, O. T. Ross,
Delphos, W. B. McLaren and Dr.
M. S. Bowser. Greetings of the as-
sociation and congratulations were
extended to Emmett R. Curtin upon
his elevation in Boston in September
to the thirty-third degree, the high-
est honor in Masonry.

A SURE, QUICK COLD
CURE--ACTS GENTLY

PAPER'S COLD COMPOUND CURES
COLD AND GRIPPE IN A
FEW HOURS.

The most severe cold will be
broken and all gripe misery ended
after taking a dose of Paper's Cold
Compound every two hours until
three consecutive doses are taken.

You will distinctly feel all the
disagreeable symptoms leaving af-
ter the very first dose.

The most miserable headache,
dullness, head and nose stuffed up,
feverishness, sneezing, running of
the nose, sore throat, mucous
catarrhal discharges, soreness, stiff-
ness, rheumatism pains and other
distress vanishes.

Take this wonderful Compound
as directed, with the knowledge
that there is nothing else in the
world, which will cure your cold
or end Gripe misery as promptly
and without any other assistance or
bad after-effects as a 25-cent pack-
age of Paper's Cold Compound,
which any druggist can supply—
contains no quinine—belongs in
every home—accept no substitute.
Tastes nice—acts gently.

ORPHEUM THEATRE

Anyone wishing to spend an en-
joyable hour and a half and to be
highly entertained, cannot do any
better than by going to the Orphe-
um one afternoon or evening this
week. The Market street house has
an exceptionally fine show for the
last three days. The animal act is
certainly the best ever. Bonner the
Pony in the act actually displays
human intelligence. Any one can
ask him a question that can be
answered by yes or no and the
pony will answer you correctly. As
an equine wonder this pony has
them all beat. There is a dog also
that walks a slender wire stretch-
ed across the stage, this is only
one of the many new tricks this
dog and pony perform. As usual
in all animal acts we have the
monkey, who always creates laugh-
ter. LaNoles, bounding bar artists,
have a good act and won rounds
of applause for their clever work.
Clucus and Jennings were well re-
ceived by the big audience and
their imitation of sales girls hold-

ing a conversation in a department
store while waiting on customers,
brought forth roars of laughter.
Levitt Dunsmore and company pre-
sented a sketch entitled "The Wo-
man next Door." It is built sim-
ply to allow the male members of
the company to impersonate and
play five different characters. The
three Rambler Girls are three pret-
ty young ladies that sing and dance
and make many changes of dresses.
It is a very good act and of a
style that one wonders what they
are going to do next. The Orpheum
scope picture is a travelogue picture
showing many interesting scenes in
Palestine. Saturday afternoon will
be devoted to the ladies and child-
ren so they may have an opportu-
nity to see the dogs and ponies.

FOOD SOURING, INDIGESTION,
STOMACH SICK?-CASCARETS

That awful sourness, belching of acid and foul gases; that pain in
the pit of the stomach, the heartburn, nervousness, nausea, bloating after
eating, feeling of fullness, dizziness and sick headache, means your stom-
ach is full of sour bile—your liver torpid—your bowels constipated. It
isn't your stomach's fault—it isn't indigestion—it's biliousness and con-
stipation.

Try Cascarets; they immediately sweeten the stomach, remove the
sour, undigested and fermenting food and foul gases, take the excess
bile from the liver and carry off the constipated waste matter from the
bowels. Then your stomach trouble is ended. A Cascaret tonight
straightens you out by morning.

10 Cents. Never gripe or sicken.

"CASCARETS WORK WHILE YOU SLEEP."
